

My trip to York

Our trip was very good. I wanted to ^{have a} look to England. I was happy, when I found out that I am going to England.

First day I was on the road to Bruggy in Belgium. When I arrived, I was going around a beautiful city. I bought typical belgian chocolate and pralines, which were very good. Then I arrived to a port in Zeebrugge. I was on big ferry where I stayed about 14 hours. When I was in Hull, I was on the way to York. I was going around York and I saw lot of very nice places in York. I was in Railway Museum and Yorvik Viking Centre. In the evening hours arrived family and I arrived to their house. They had a nice house with a garden. In Thursday morning I was in English school. In English school it was very funny. After lessons I was on the road to Flamborough Head with an old lighthouse. Another day I was again at school. After I was in Sea Life in Scarborough, in a nice city in Whitby and last trip in York it was to Goathland where was filmed Harry Potter. Last day in England I was in London where I bought a lot of souvenirs. I was in Greenwich, London Eye, Primark, I was going around Big Ben, Trafalgar Square, Piccadilly Circus and Buckingham Palace. In night hours I arrived to Dover and I traveled on ferry to Calais. After I arrived to Calais, I was on road to home.

England is a nice country. I was very happy that I was in England. I have memories and a lot of photos.
